Forecast For Wales
Issued by Met Office Exeter
at 0400 on Saturday 02 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunshine and scattered showers. Cold.

Today:
Inland it will be mostly dry and sunny, whilst showers will affect areas near the coasts, locally heavy and possible wintry. The north east is likely to see wintry showers, possibly light snow, in the late afternoon too. Maximum temperature 4 deg C (39 deg F).

Tonight:
Rather cloudy with patchy light rain and a little snow. Wintry outbreaks mainly over hilly areas with lower lying parts more likely to have some rain. Frost possible. Minimum temperature -5 deg C (23 deg F).

Sunday:
Mostly cloudy, though bright spells possible, particularly in the north and west. Some showers too, locally wintry. Remaining colder than average. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:
Mostly dry each day with a few bright spells. Local wintry showers possible, especially Wednesday, but remaining light. Remaining cold, especially overnight, with frost likely and freezing fog patches possible.
